Policy for accepting submittals for publication:

Please send your comments and relevant information/materials for publication to gaabesu@gmail.com and write "Alumni Link" in the subject line. The following guidelines are followed in accepting materials for publication:

- 1) Comments, observations, & suggestions about any alumni activities & BESU;
- 2) Personal and professional accomplishments that you want to share with your fellow alumni;
- 3) Local news, event announcements and event/chapter reports;
- 4) Batch news, event announcements and reports;
- 5) Looking for friends;
- 6) Looking for help;
- 7) Anything you feel appropriate for the alumni community.

As long as the message does not attack anyone personally and/or contain any hidden political agenda, we will publish them as-it-is. Electronic newsletters are published in every two months but alumni web site is updated continuously. You may submit your articles anytime.

FROM THE EDITOR'S DESK

GAABESU and EC Members

GAABESU is a volunteer organization and as such, its success or failure will depend on the activities of the volunteers. The alumni/alumnae have come forward to be a part of this organization because of their love for the Alma Mater. However, we have another interest – to see our Alma Mater thrive and become one of the best.

If the university falters and become a second-rate institution, our degrees from the institution are devalued. It may not be important for the alumni/alumnae who have received education from other reputed institutions but for the vast majority of the alums, it will have negative impact. It has already impacted BESU's ranking as an engineering institution and employment opportunities for its students. Thus, in our own self-interests, we must help our university.

GAABESU was formed to help BESU in achieving the goal of being a first-rate institution again. As a good percentage of the GAABESU and its Executive Committee (EC) members live around Calcutta, they have to be a little more active in order for GAABESU to be successful. The alums as well as EC members outside Calcutta are not in a position to implement any projects that GAABESU plans to pursue.

It is my fervent request to all GAABESU members, specially in the EC, who live around Calcutta to help us in achieving GAABESU's goal. I understand everybody is quite busy with their day-to-day life but unless we find some time (knowing "work expands time"), our GAABESU experiment will not be successful. I would specially hope that faculty members who are EC members will take the lead in some activities. It impacts them more than anybody else. If the standing of the college improves, the college will attract better students and faculty members. When those students go out and compete effectively with the graduates of other reputed institutions, the academic standing of the institution as well as that of its faculty members among their peers will be greatly enhanced.

Would you please find some time and help GAABESU?

Note: The editorial is representative of the thoughts and beliefs of the editor and does not reflect the official position of the GAABESU.

BESU NEWS & NEWS FROM MEDIA

Message from Prof. Ajoy Ray, VC-BESU

Prof. Ajoy Ray, VC in a message conveyed his warm regards and best wishes to all the alumni/alumnae of Bengal Engineering College/ Bengal Engineering and Science University. He wished all the success to each one of the alums and their family members. He was immensely appreciative of the contributions made by them for the development of the university in various forms [[Click here details](#)].

Alumni Link

A publication of the Global Alumni Association of
Bengal Engineering and Science University, Shibpur

He stated that the profound impact of their contribution is not confined only within its immediate outcome. Indeed it has generated great mutual love, respect and expectations from each other - the current and past students of this institution.

He then went on to describe the activities at BESU since he joined the institute and how he wants to work with the BESU community in order to make it great again. Sections of his report are shown below.

"Indeed I feel proud to see your great contributions in every part of the globe in diverse areas of human creative activities. It is this pride which stimulates our young minds here at BESU to excel.

Our Institution that started its journey just one hundred and fifty three years back on 24th November, 1856, with only a few students is now going to be turned into a giant center of academic excellence. We are aspiring today to contribute significantly in the global pursuit towards advancement of knowledge in diverse streams of Science and Technology".

He noted that the students, faculty and the staff at BESU have joined hands to make strides in all spheres of activities with a new work-culture and aspiring to make BESU, one of the best in India.

The entire campus has undergone cleaning and restoration of the heritage buildings and the historic graveyard has started. Each hall of residence has initiated creation of garden".

Several eminent academicians like Dr S K Bhattacharya, Prof Asok Mallik, Prof Madhujit Mukhopadhyay and many others have joined our university in the capacity of Distinguished Honorary/Chair Professor. Many other Distinguished and Visiting Professors are expected to join our university shortly and their contributions in enriching our teaching and research at BESU are appreciated.

"I would like to invite some of you to join our university as visiting Professors in the coming year to further strengthen our academic / research base.

I am delighted to revisit some of the activities at BESU in 2009, which would not have been possible without your active support.

(a) The contribution of GAABESU in building the new temple of learning at BESU will be always written in red letters. Amongst many other helps, such as providing scholarships to a very large number of needy students, providing all types of academic/mentorship help, this year GAABESU has donated a large sum of money in creating a film, depicting the grand evolution and heritage of 153 years of BEC/ BESU. I am extremely happy to announce that celebrated film maker Shri Buddhadeb Dasgupta has almost completed the making of the film, which will be released in early 2010. GAABESU has also planned to donate the money for several Chair Professors at BESU. They are also going to share significant amount of contribution in

making the swimming pool of BESU. All these contributions are gratefully acknowledged".

It may be mentioned here that we have started 'BESUS Foundation' with Professor Santanu K. Karmakar as the Head of "International Relations and Alumni Affairs" [[Click here for office order](#)].

(b) Class of 1979 has helped BESU in fulfilling the dream of starting a students' 'Centre for Creative Expressions and Liberal Arts'. They donated money to renovate the Slater Hall and equipped the societies with some instruments. At this time, there are five societies – Dramatics, Music, Dance and Choreography, Creative writing and debating societies and Photography. In addition a society for innovation, where the students will participate in innovative design and development has been started.

"I am happy to inform you that a number of celebrated personalities like Pandit Buddhadeb Dasgupta, Pandit Ajoy Chakraborty, Film Director Shri Buddhadeb Dasgupta, Smt. Amita Datta, Smt. Mamata Sankar, Shri Rudraprasad Sengupta and others have agreed to be associated with this Centre. There will be various inter-hostel competitions in all the above societies including sports and gardening in 2010, to be organized by PICSA".

(c) CII joined hands with BESU to hold a two day Industry – Academic meet, which was attended by a no. of Vice Chancellors / Directors / Industry leaders.

Shri Kapil Sibal, Honorable Union Minister in Charge of Human Resources and Development inaugurated "CII – BESU innovation centre", in the presence of Shri Gopal Krishna Gandhi, Honorable Governor, West Bengal, Shri Sudarsan Raychaudhuri, Honorable Higher Education Minister, Govt. of West Bengal and many distinguished academicians and industry leaders from all over the globe. This program was co-organized by the Class of 1984 to celebrate their 25th year of graduation.

(d) "Many eminent alumni from India, USA, Canada, UK and other parts of the globe visited our university in 2009 and we could successfully organize workshop, University seminar and short term courses with their help. Prof B. K. Bose has donated money for organizing annual seminar on any area of Electrical Engineering. We will invite eminent persons from any part of India to deliver lectures at BESU from this endowment fund".

He concluded by saying, "Let us all work together to preserve this excellent place, our alma mater, for the future generation".

Academic events / Reforms at BESU

Some of the reforms and events initiated at BESU are summarized below.

Academic/Pedagogy

(i) New academic calendar has been created to be adhered strictly.

Alumni Link

A publication of the Global Alumni Association of
Bengal Engineering and Science University, Shibpur

(ii) School schedule has been modified to increase the semester days that has created longer summer vacation; thus promoting industrial training for the students and enhanced research activities by the faculty and researchers.

(iii) Setting up of two Centers of Excellence:

- a) 'Green Energy and sensor system' and
- b) Healthcare Science and Technology.

(iv) Improved connectivity and enhanced network bandwidth and related work, with the following purpose.

- (a) Enabling every corner of the campus wireless.
- (b) Extension of fiber optic backbone to all important locations in the campus.
- (c) Use of web-site for all possible educational and administrative activities.

(v) Revision of structure of courses and syllabi for the UG and PG programs and reforming the doctoral program to make them more relevant to the requirements of 21st century.

(vi) Introduction of the novel pedagogy of teaching and evaluation.

(vii) Reallocation of the space to different departments by shifting the old Library block from the main building to a separate building with modern amenities and larger reading space. Also another eight storied building construction has been initiated.

Sponsored Research and Industrial Consultancy /Collaboration

(i) Restructuring and enhancement of the sponsored research and Consultancy activities.

(ii) Creation of the position of Director (Research) (a statutory position where a senior professor is nominated by the Executive council) and Associate Director (Sponsored Research and Industrial Consultancy).

(iii) Formation of a full fledged office, logistic support and more financial power to the Sponsored Research & Industrial Consultancy Cell.

(iv) Consolidation of all discrete accounts under the research program to a single account for better control, visibility and management.

(v) Initiation of Multi-disciplinary research program.

(vi) Formation of expert committee to review the academic activities, programs, goals and the future of various schools.

New collaborations

Several new collaborative programs have been initiated. Some of them are

- (a) Metalogic Systems, Kolkata has created a Chair Professor in

memory of Prof S S Boral, former Head and founder of Electronics and Tele-Communication Engineering Department at B E College. A 'Software development centre' has been formed at BESU jointly with Metalogic Systems, Kolkata.

(b) Webel, Ministry of Information Technology, Govt. of WB, has agreed to initiate 'India Design Centre' at BESU. The School of VLSI, BESU is going to initiate collaborative research on VLSI Design with the industries.

(c) A collaborative research program on Arsenic Removal between Civil Engg. Department, BESU and Queens University, Belfast, UK (QoB) has made extremely good progress.

BESU students have undergone summer training programme at Queens University, Belfast, UK (QoB). We have also initiated split site Ph D programme with QoB.

Students from The University of Pennsylvania underwent summer internship at Civil Engineering Department, BESU.

(d) CEERI Pilani is going to set up 'Microelectronics Fabrication Centre' at Electronics and Tele-Communication Engineering Department at BESU.

(e) PG program in Automotive Engineering with Windsor University, Canada, A CIDA project is under consideration.

Co-curricular/Extra Curricular Activities

Extra curricular activities:

(i) Opening of 'Centre for Creative Expression' at the newly renovated Slater Hall. Class of 1979 has agreed to fund the various societies of this centre.

(ii) With the help of UGC grant, an equal opportunity cell and a day care centre have been established.

(iii) CES, New Delhi has agreed to help BESU in having a green building for its research on 'Green Energy and Green Architecture'.

Administrative reforms

Some of the administrative reforms are mentioned below:

(i) To strengthen the interaction with the global institutions and our alumni, a position 'Professor in Charge for International Relations and Alumni Affairs' has been created. BESUS foundation fund has been formed under him to facilitate direct monetary contribution of the global alumni.

(ii) Development and use of Campus-Connect software to automate most of the administrative level jobs, starting from admission to issue of the identity cards, processing bills, issuing notices and managing all documents.

(iii) Inclusion of experts from all over India for the selection of faculty and staff.

Alumni Link

A publication of the Global Alumni Association of
Bengal Engineering and Science University, Shibpur

(iv) Reinforcing academic administration by introducing a cell under Professor in Charge for 'Continuing Education & Quality Improvement Program'.

(v) Initiate planning on energy resources by instituting a Professor In Charge of 'Energy Resources and Planning'.

Tasks Ahead

BESU administration seeks the assistance of the alumni/alumnae in the following areas:

(i) In our strive to enhance both teaching and research qualities as well as to explore the frontier areas for creation of knowledge, it will be our pleasure to invite the alums to the Alma Mater, even for a temporary period ranging from one month to two years.

(ii) To construct a green energy efficient research building. This multidisciplinary research building will house research activities on the followings (a) Photovoltaic / solar cell / fuel cell devices / biomass (ii) green architecture and civil construction (iii) green energy transfer to the electric grid (iii) green material and (iv) green IT

(iii) Create more research/chair professor positions in BESU.

(iv) To enhance collaborations with industries / research laboratories:

This needs to be strengthened significantly. The university seeks more collaborative research initiatives with other universities, industries and various research laboratories in India and abroad.

(v) To raise/obtain fund for supporting research scholars.

(vi) Creating a green campus, where substantial amount of energy will be generated from Solar and other renewable form of energy sources.

(vii) Support for creating an archive and a light and sound (son et lumiere) show, which will preserve 153 years of long heritage of BESU. The heritage building 'Madhusudan Bhaban' will be used for the purpose.

(viii) Support for starting entrepreneurship program for students and faculty at BESU.

ix) Support for enhancing the number of e- journals in our E- Library.

BESU is committed to the goal of achieving excellence in academics.

**BESU & IIT-KGP Co-Organize Short Term Course
(Mechanics over Micro & Nano Scales – STCMMN09)**

Submitted by Santanu Karmakar '83ME

This course, sponsored by the Indo-US Centre for Research Excellence on Fabricionics, was probably the most successful short-term course ever held at the campus. About 170 participants from top-tier schools in India attended the course. The no. of attendees exceeded the number of seats (around 140) available at our Alumni Seminar Room (at the 8-storied Science & Technology building). The

2-day program was held on Dec.21-22, 2009. Academicians from a no. of reputed engineering schools delivered lectures. Prof. Howard Stone of *Princeton University* was the inaugural speaker who talked about Fundamentals of Microfluidics.

Prof. Santanu Karmakar as the coordinator of the program welcomed all participants [[Click here for an album](#)].

BESU Photography Club Exhibition

Submitted by Ramu Datta '79ME

The BESU Photography Club, "CATHARSIS" reopened the Exhibition at the "Students' Centre for Creative Expressions", (previously known as Slater Hall) on 7th February, 2010 at 11 a.m.

The Exhibition will continue up to 14th February, 2010. The photos will be exhibited from 4 p.m. to 8 p.m. on weekdays and on the weekends from 12 noon to 8 p.m. The exhibition was formally inaugurated by Prof Ajoy Ray, VC of BESU on 25th December, 2009 [[Click here for an album](#)].

GAABESU ACTIVITIES

GAABESU Fund for Documentary Film

Submitted by Arun Ghosh '61MeE

We are very pleased to inform that the documentary film on BESU directed by Sri Buddhadeb Dasgupta is now being edited. The documentary film will be released in March, 2010. Total documentary film donation is Rs 11.53 lakhs. [[Click here for details](#)].

Alumni Link

Alumni were requested to send their memories, artifacts to include in the film [\[Click here for an album\]](#).

GAABESU Guest Chair Programme

Submitted by Arun Ghosh '61MetE

GAABESU launched a new programme at alumni meet at NABC09, San Jose, California, USA on July 3, 2009. GAABESU thanks the following donors for their generous donation for this new initiative. Please stay tuned for additional information [\[Click here for more information\]](#). We thank the following donors to GAABESU Guest Chair project till date, sorted by seniority.

Manu Das '79ETC	

In addition, Smt. Smita Chowdhury, sister of Prabir Niyogi ('62CE) donated Rs. 10,000: (first installment) in memory of their father Late Sri Provat C. Niyogi (B.E., CE 1928). Total raised for GAABESU Guest Chair till January 31, 2010 is Rs.5.049 lakhs.

GAABESU fund sub-committee gratefully acknowledges the generous donations received.

Swimming Pool Renovation Fund

Submitted by Arun Ghosh '61MetE

After successful fund raisings for documentary film and first guest chair, GAABESU is now launching fund raising campaign for the renovation of the BESU Swimming Pool. The estimated cost stands at Rs.60.00 lakhs. GAABESU has so far raised a little over Rs. 20.00 lakhs and needs to raise another Rs.20.00 lakhs to make total contribution of Rs.40.00 lakhs. Balance of Rs.20.00 lakhs will be borne by BESU from a Government Grant for this purpose. Location shall be the same as before. The work on this renovation will start soon. We need your active involvement and generous support for this new project.

New GAABESU Members: January 2010

We sincerely appreciate the following alums that joined new or upgraded their annual GAABESU membership to life in January 2010. If you do not see your name, please contact GAABESU office immediately.

GAABESU Workshop on Entrepreneurship in Engineering Business (NORCAL-BECAA Sponsored)

Submitted by Arun Deb '57CE

GAABESU organized a Workshop on "Entrepreneurship in Engineering Business" on January 6, 2010. All final year students and alums were invited to attend this daylong event at BESU campus [\[Click here for details\]](#).

It was well attended by students, alumni/alumnae and faculty. The Seminar room was full up to its capacity. More than 100 students of engineering and MBA attended till up to 5 PM. This is one of the most successful workshop, I have ever attended. I thank Swapan Saha for his efforts in selecting Alumni speakers. They all are excellent and their presentations were very thought provoking.

Alumni from the United States and Canada who attended include Samir Basu (Co-Champion Seminar Sub-Committee), Prabir Neogi (Co Champion External Relations Sub-Committee, Tarun Basu (Co-Champion Publicity Sub-Committee) and Subir Sen from Maryland, USA. In addition there are quite a few alumni from Kolkata attended including Achyut Ghosh, Amitabha Ghoshal, Shyamal Mitra and Syama Prasad Datta. Among the faculty and GAABESU Officials who attended and participated are: Nil Ratan Bandyopadhyay, Santanu

Karmakar, Indranath Sinha, Aditya Bandyopadhyay, Gautam Bandyopadhyay, Anjan Ghosh, Biswanath Datta and Gautam Bhattacharya. GAABESU is thankful to all the speakers (Hari Balasubramanian, Aparup Sengupta, Sanjay Ghosh, Saurav Kundu, Partha Bag, Manu Das and Sudipto Bhattacharya) at the workshop. A no. of the speakers stayed up to the end and participated vigorously, in the discussion session. Students both from engineering and MBA programs participated in the discussion session.

The Vice Chancellor Prof. Ajoy Ray presented a bright future plan for BESU in his welcome address and he also participated in the discussion session. I would like to thank him not only for his participation, but also for his passion for BESU and GAABESU.

At the end we came up with an idea of encouraging students with innovative ideas to write a 3-page proposal outlying the idea. A committee consisting of faculty and alumni will judge these proposals and will select one or two to conduct phase one of the project. This will be done on an annual basis. GAABESU with sponsorship of Industry will support this program. Prime mover at BESU behind this

workshop is Nil Ratan Bandyopadhyay. He worked hard and went through all the details of planning to make it successful. Santanu Karmakar and Anjan Ghosh helped in getting students participation. Indranath Sinha and Syama Prasad Datta helped in facilitating the workshop. I would like to thank them all. This is a great example of perfection – of what GAABESU can accomplish.

ALUMNI NEWS

Prof Gautam Biswas ('79ME), Fellow of Indian Academy of Science

Submitted by Arun Deb '57CE

Prof Gautam Biswas ('79ME), Vice President of GAABESU has been elected "Fellow of the Indian Academy of Sciences (Bangalore)". GAABESU congratulates Prof Biswas for this great accomplishment!

Bengal Engineering and Science University, Shibpur

Prof Bimal Bose Distinguished Lecture Initiated

Submitted by Santanu Karmakar '83ME

[Prof Bimal K Bose, '56EE](#) donated INR 2.25 lakhs to BESUS Foundation to initiate "Professor Bimal Bose Distinguished Lecture" in Electrical Engineering Department, BESU. Dr. Bose is a Life Fellow, IEEE and Condra Chair of Excellence/Emeritus in Power Electronics, Dept. of Electrical Engineering and Computer Science, University of Tennessee, USA. This award will enable BESU Electrical Engineering Department to invite a distinguished professional in electrical engineering (with emphasis on power electronics) to deliver a lecture at BESU. Invited distinguished professional will be provided an honorarium and travel support. The first Lecture is expected to be organized in early 2010.

For more information about Dr. Bose, a distinguished alumnus of BESU, [\[Please click here\]](#).

Prof Gautam Biswas' (79ME) book released by MHRD Minister

Union Minister of Human Resource Development Shri Kapil Sibal has released the following book in a ceremony at the India International Centre at 1600 hours on January 22, 2010: "Profile of Engineering Education in India: Status, Concerns and Recommendations" by Gautam Biswas, K. L. Chopra, C. S. Jha and D. V. Singh.

ISBN:978-81-8487-061-9

Publication Year: 2010, For additional information [\[Click here\]](#).

CHAPTER/BATCH NEWS

NORCAL - BECAA Get-together

NORCAL will have a get-together on March 14, 2010 (Saturday), between 6 and 10 pm for Bay Area BEC/BESU alumni. This will be to have dinner with Dr. Pratik Dutta '90MinE who is now a visiting faculty at Stanford University.

For additional information, please contact Manoj Bhattacharya '78EE or Swapan Saha '88EE or Niladri Sanigrahi '01CE. Email ID: norcal_becaa@yahoo.com.

OBITUARY

Murari Goswami '58CE

*Contributed by Ms Ishita Goswami, California, USA
(Daughter of late Murari Goswami)*

With deep regret we inform you about the sad and sudden demise of alumnus Murari Mohan Goswami on Aug 17, 2009 at his residence in Jamshedpur. Murari Goswami obtained his Bachelors Degree in Civil Engineering from B.E. College in 1958. He was awarded the Ambica Charan Choudhury Gold Medal and the Trevor Silver Medal for his achievements. He obtained a PhD in Structural Engineering from IIT Kharagpur where he eventually taught as Assistant Professor in the Department of Civil Engineering. He also attended Sailendra Sircar Vidyalaya and Presidency College in Calcutta and was a brilliant student throughout his academic years.

He worked for Bridge and Roof Company, Border Roads Development Board, IIT Kharagpur, and TRF before retiring in 1997 as the Deputy GM of Engineering. Since his retirement, he had been working independently as the principal consultant of his company BIM Consultants. He was actively associated with the structural design of Vinod Gupta School of Management and the upcoming Rajiv Gandhi School of Intellectual Property Law at IIT Kharagpur.

Though a late entrant to the field, he developed a deep interest in Bengali and English literature. He has authored several original poems and articles and has published translations of works in Bengali and English. Murari Goswami leaves behind his wife, daughter, son, son-in-law, grandchildren and grieving family members and friends. He was a generous man and will be remembered for his simplicity, kindness, sincerity, honesty and devotion to duty.

Alumni community mourns this great loss of a fellow member.

Banibrata Sanyal '74ME

Banibrata passed away untimely on 25th January 2010 at Kolkata. He was earlier working with ABL / Alshom. GAABESU deeply mourns the untimely death of a fellow alumnus. May his soul rest in peace.
