Policy for accepting submittals for publication:

Please send your comments and relevant information/materials for publication to gaabesu@gmail.com and write "Alumni Link" in the subject line. The following guidelines are followed in accepting materials for publication:

- 1) Comments, observations, & suggestions about any alumni activities & BESU;
- 2) Personal and professional accomplishments that you want to share with your fellow alumni;
- 3) Local news, event announcements and event/chapter reports;
- 4) Batch news, event announcements and reports;
- 5) Looking for friends;
- 6) Looking for help;
- 7) Anything you feel appropriate for the alumni community.

As long as the message does not attack anyone personally and/or contain any hidden political agenda, we will publish them as-it-is. Electronic newsletters are published in every two months but alumni web site is updated continuously. You may submit your articles anytime.

Incidents at BESU

BESU is often in the news for all the wrong reasons. In this calendar year, the campus has been plagued with violence and disturbances repeatedly and it really causes us, the alumni, a real heart-burn. We wonder if it is the same institute that we attended after going through stiff competition! We can look at this from various perspectives. What are the root causes for these types of incidents repeating quite often? What are the cures of these problems? Do we, the alumni, have any role to address these?

Before we go any further, let's see how the general public as well as the alums get information and how much valid they are. Almost always, we get information from news media as neither BESU administration nor other campus organizations care to give us their side of the story. Our experience with newspapers in the past, has taught us that they very often exaggerate things in order to draw attention of the readers. They make mountains out of a mole hill and general public as well as most alums take them as truth. However, GAABESU often receives informal feedback from our members living in and around campus and even from faculty members and students.

With respect to the last disturbance, when police was asked by the administration to enter classrooms, we were very pleased to receive a draft from Electrical Engineering department which detailed the whole incident. We found out how distorted the newspaper report was. Our alumni/alumnae all over the world have been shocked and dismayed at the newspaper report. In order to remove any confusion about the incident, we had no other choice than to distribute the draft to our alums. While, it is not often easy or encouraged to disseminate "facts" outside the campus, we believe it is very important for the alumni/alumnae at large to know the situation inside the campus. For this, we sincerely thank the EE department for sharing the information with us to put things in proper perspective. We also appreciate when recent graduates share their opinions with us.

Now, the question is, what is the role of the alumni in such situations? As GAABESU does not want to get involved with BESU's internal affairs, we have often ignored such news in the past and never published in our website or newsletters. This, of course, did not please our alumni community as they believe it is our role to get involved and advise administration, students and faculty to resolve these issues. Till BESU is upgraded to an INI as IEST, I think alumni can initiate some activities to address this issue. It is heartening to know some of our senior alumni have initiated discussion with the BESU community to address this. We applaud their efforts.

Note: The editorial is representative of the thoughts and beliefs that are solely the editor's and are not representative of the official position of GAABESU.

BESU ACTIVITIES

BESU ties up with Queen's University, Ireland to conduct research on water and environment

- Source: Based on the report in Indian Express On-line

The Bengal Engineering and Science University (BESU) has set up a Water Resource Engineering Institute in partnership with the Queen's University, Belfast, to conduct collaborative research on water and environment. Research scholars from both the universities will work together in this centre to develop various technologies for purifying water and making arsenic-free water available at a low cost.

Professor Peter Gregson, Vice-Chancellor of Queen's University, said the research work will help in providing safe drinking water in areas where the arsenic level is high.

The partnership with Queen's University has allowed 20 students from BESU to undertake 10-day summer training at the Queen's University in June this year. To enhance this partnership the BESU has decided to increase the no. of scholarships to 30 for the next academic year. This will help the students to receive hands-on training on research projects there. Each student will receive a grant that will cover tuition fees, accommodation and meals at the university and other activities.

After a day-long interaction between the two universities, BESU vice-chancellor, in a statement, said that BESU is trying to follow the example set by the Queen's University in working with the industries.

At the conclusion of the meeting, in a special convocation, BESU conferred DSc (Honoris Causa) to Prof Peter J Gregson, Vice-Chancellor of Queen's University and Lord Diljit Singh Rana, former president of Northern Ireland Chamber of Commerce.

While addressing the special convocation at BESU, state IT Minister Dr. Debesh Das emphasised that most research works are related to the overall development of science and technology in the world, but no one considers the developments in the country.

GAABESU ACTIVITIES

GAABESU Emergency Fund

GAABESU EC has approved the goals set up by the Emergency Fund Committee to pursue the following initiatives:

- To raise additional funds for Abhijit Das ('85 ARCH)
- To raise about **INR 50 lakhs** by the end of 2010

- To expand GAABESU emergency fund committee (specially with additional members from India)

We appeal to our alumni residing in India to donate at least **INR 250.00** and to the alumni residing abroad to donate at least **USD 50.00 per year for the next three (3) years**. This will raise a total of about **INR 50.00 lakhs** which will be invested in a Fixed Deposit account in India. It is expected that 2-3 cases can be supported by the annual interest generated from this fund. Additional funds, if needed, can be raised separately by the Emergency Fund Committee. Donors have three options for making contributions to this fund:

Option I: To donate in Indian Rupees (INR) (Indian donors and donors with Indian bank accounts)

An account has been created with United Bank of India to receive funds in INR. The account details are as follows:

A/C Name: GAABESU Emergency Fund
 A/C Number: 0171010395335
 Bank: BESUS Branch of United Bank of India
 Address: BE College Campus, Shibpur, Howrah 711103; INDIA
 SWIFT CODE: UTBIIMBBBOC

Note: Please include "**Abhijit Das or General Emergency Fund**" in the memo and mail your draft/cheque to:

GAABESU Office, BESU Guest House
Bengal Engineering & Science University,
Shibpur, Howrah - 711 103, India

Note: Please do not send any donation in foreign currency to the GAABESU office as it will need FCRA approval from Indian Home Ministry.

Option II - Donation by a credit card from anywhere in the world.

Please click [here](#) to donate on-line

Option III - Donation in US Dollar (USD) by cheque/draft

Make your donation payable to "BECAA" and mail it to:

BECAA
C/O Mr. Saroj Bhol
54 Bosko Drive
East Brunswick, NJ 08816
Tel: 732.257.5989

Note: Please write "**Abhijit Das or General Emergency Fund**" in the memo.

Alumni Link

A publication of the Global Alumni Association of
Bengal Engineering and Science University, Shibpur

For information on the Emergency Committee and all its initiatives, please send e-mails to: emergency@becollege.org. The status of our fund drive will be posted regularly at the GAABESU web site and a flyer is scheduled to be published later this year with the names of all donors to this new initiative.

Fund Update (Till December 15, 2008)

Abhijit Das Fund – INR 53,000.00 (Second phase fund raising since September 2008)

The following alumni donated towards Abhijit Das Fund.

Prosenjit Chakraborty '87EE, Rajdeep Dutta '88EE, Saikat Bhowal '89ETC, Sanjoy Adhikari '88ME & Soumitra Chatterjee '82ARCH.

GAABESU Emergency Fund raised INR 2,15,850 (GAABESU A/C) and USD 1,700 (BECAA-East Coast, NJ Account)

GAABESU sincerely thanks following donors for responding to our appeal for setting up permanent GAABESU Emergency Fund (till Dec 15, 2008). We hope all our alumni will contribute to this fund **to help the less fortunate amongst us.**

GAABESU Membership Update

We thank the following alums who joined GAABESU in 2008 (till December 15, 2008). Membership fees received in INR are used to run GAABESU operation at BESU Guest House and fees raised from abroad will be used to refurbish swimming pool at BESU.

CHAPTER ACTIVITIES

BECAA – East Coast

- Based on a report submitted by Arindam Mukherjee ('90ME)

BECAA-East Coast celebrated Bijoya Dasami get-together on November 1, 2008. Thanks to Ajoy-da/Swapna-boudi for the excellent venue and to Seuli & Sumitradi for organizing the delicious menu. We had about around 60 to 65 headcount, enjoyed the occasion with

Alumni Link

A publication of the Global Alumni Association of
Bengal Engineering and Science University, Shibpur

poems, songs, delicious foods, college talks, jokes, funny moments etc. All of them brought way more quantity and additional items than they were allocated to make it a true foodfest!

The event started around 2:30 PM with tea, light snacks, fruits and light drinks. As everybody was coming with more and more food, it was decided that dinner should be served rather than nibbling one item or another. Our past president Ajoyda started the ball rolling by initiating and extending the Bijoya greetings to all. Bhaskarda discussed about Global Alumni fundraising events. Our current president Kumudda thanked everybody and appealed all to continue the spirit going forward. Thereafter, we had many mind blowing cultural participation.

For additional information, please [click here](#)

BECAA Australia Bar-B-Q at Melbourne

- Submitted by Anindya Sankar Chattopadhyay ('04IT)

It was an immense pleasure to organise a Bar-B-Q in Melbourne with a few alumni from our beloved college on the 4th of November 2008. It was the Melbourne Cup day and we organised a small gathering at the Dandenong ranges in Melbourne. The attendees were Debasis Banerjee ('77EE), Sushim Mukul Roy ('03ETC), Balaka Das-Ghosh ('05CE), Soumya Das ('05ME) and I.

EVENTS AND ANNOUNCEMENTS

Silver Jubilee Reunion of the Class of 1983

- Submitted by Amitabha Chatterjee EE

The class of '83 ended their memorable years at BE College 25 years ago and began their journey to a new world. Now, we will be celebrating 25th anniversary of the start of that great journey on Dec 27th and 28th of 2008. The celebrations on the 27th of December will be held at the college campus.

The venue for the 28th is being finalized but it will probably be in the form of a river cruise on Hooghly. The Alumni House is available for anyone who wishes to spend the 26th night at the campus in preparation for the festivities. A souvenir will be published which among other things will list all the members of the class and any current information that the organizers have been able to collect. We will be inviting and felicitating professors from our time.

The cultural sub-committee promises a great show in the evening of 27th of December. We have also been raising funds for the past 3 years and will attempt to make a significant donation to the college towards some worthy cause (scholarships?) during the celebrations. We have organized a Yahoo group. If you are not yet members of this Yahoo group, please send an e-mail to becollege1983subscribe@yahoogroups.com.

You can also contact some of our class mates directly. You may choose to call Atin Dey at 91 98318 69618, Kusal Thakur at 91 98307 84865 or Abhijit Bhaumick at 91 98300 05263 or send an e-mail to Amitabha Chatterjee at achatterjee@yahoo.com. If you are not a member of the class of '83, but know someone from that batch, we would greatly appreciate your help in informing them. We ask every member of the class of '83 to be present at this great occasion!!

Silver Jubilee Reunion of the Class of 1984

We would request assistance in contacting 1984 batch graduates since we are planning an event in 2009 when we will complete 25 years of our graduation. We would request all 1984 graduates to join us at: <http://bec84batch.ning.com/>. Contact: B Hari at hari@ontrackuk.com

Workshop on Recent Trends in Microelectronics and VLSI Design

Dates: 4th -10th January, 2009

Alumni Link

A publication of the Global Alumni Association of
Bengal Engineering and Science University, Shibpur

Organized by: Department of Electronics &
Telecommunication Engineering
Bengal Engineering and Science University,
Shibpur, Howrah-711103

This 7-day workshop is a forum for teachers, researchers and designers to present and discuss various aspects of VLSI design, electronic design automation, enabling technologies, and embedded systems. It covers the entire spectrum of activities in the two vital areas of VLSI and embedded systems, which underpin the semiconductor industry. Embedded Systems can now be found in a variety of electronic devices, consumer electronics, home appliances, office automation, business equipments, automobiles, and so on.

Design of such a system is no more an easy task, as it necessitates a good knowledge about the available hardware and software platforms, operating systems, interfacing devices, sensors, networking etc. on one side. On the other side it requires the knowledge of specification techniques, hardware-software co-design approaches, system testing and verification, along with the upcoming issues like low power design, SoC etc. This course aims at introducing the participants to various alternative design techniques commonly in practice in Embedded Systems. On the software side, it will introduce the Real-time Operating Systems with issues responsible in the scheduling policies. The hardware-software co-design techniques will be discussed.

Area Covered: Analog VLSI design, embedded systems, Architecture design, Physical design, EDA, Low Power design, Microelectronics, Testing, MEMS, RF Design.

Important dates: Last date for receiving application: 19.12.08
Registration Fees (excluding accommodation charges):

Students: 1000/-
Teachers: 2000/-
Industry: 3000/-

Contacts: chirosreepam@yahoo.com, pb_etc_besu@yahoo.com

Class of 1988 Celebrates 20 Years of Graduation

- Submitted by Rajdeep Dutta EE

2008 is a land-mark year for 300 plus alumni/alumnae who graduated from B.E. College (as known then) in 1988. 20 years of professional life after graduation certainly calls for a major celebration and a pretext for a reunion of all batch mates, who are now spread all over the world.

Through graceful transformations over 150 years, BESU has evolved with heritage, excellence and brilliance. At the same time, it has also witnessed set-backs to its growth, disputes, chaos as well as loss of

reputation. Some argued, considering current situation at BESU campus and plenty of adverse media coverage, it may not look nice that some alumni group is celebrating.

However, we concluded that our love & respect for the institution and pride as alumni/alumnae will never go away, no matter what happens at the campus. None of us can deny the fact that this institution has formed the basic foundation of our career. In the recent times, some adverse, selfish and immature acts by a handful of people in the campus have absolutely no power whatsoever to destroy our good memories & gratefulness towards the institute. So 1988 batch decides to go ahead and celebrate 20 years of graduation in the campus along with their families.

Celebration Programme

27th December 2008 (Saturday) at Panchwati Holiday Resort, Howrah
6 PM - 11 PM: Informal get-together & dinner

28th December 2008 (Sunday) at BESU Campus
11 AM - 1 PM: Registration & campus walk with family
1 PM - 2 PM: Ceremonial lunch
2 PM - 5 PM: Formal function, variety programme & family games
5 PM - 6 PM: Informal "adda" session with tea & snacks

OBITUARY

Dr. Pannalal Pal ('51ME)

With heavy heart, we would like to inform you that Prof. Pannalal Pal passed away on 24th November, 2008. He was a very distinguished faculty member and former Head of the Department of Mechanical Engineering of this Institution. During his more than three decades of service to the Institute he enriched the campus environment through his active involvement in all walks of the campus life.

Alumni Link

A publication of the Global Alumni Association of
Bengal Engineering and Science University, Shibpur

Prof. Pal did his doctoral work under the guidance of legendary fluid-dynamicist Prof. Hermann Schlichting at the Technical University, Braunschweig, Germany in 1961. His was a seminal work on compressor cascades (for aircraft engines). As he did not have any opportunity to extend that work in BE College, he decided to dedicate his life for teaching. We express our endless respect and solemn gratitude to Prof. Pal. May his kith and kin, students, teachers, alumni and admirers surmount the sorrow of his loss.

Please [click here](#) for additional information

Ajit Mukherjee ('60ME)

With profound sorrow, we would like to inform you the sudden death of our alumnus Ajit Mukherjee on October 31. He passed away due to a heart attack while working at his backyard. As everybody knows, he was multi-talented and one of the jolliest person, ever seen. He was always cheerful, always loaded with comedy and also a great singer. On behalf of all Alumni, we extend our deepest sympathy to his family in this painful time.
