

Besu convention

THE STUDENTS of Bengal Engineering and Science University (BESU), Shibpur, on Thursday organised a convention to support the university's endeavour to bag the Institute of National Importance (INI) status. It was discussed how the state as well as the university and its students would benefit from the INI status. Minutes of the convention will be sent to the state government. The teachers have earlier campaigned for the cause but this is the first time students have demanded that their university be given INI status.
