Re: Convention on October 12, 2006

Dear Soumyaa:

Congratulations for arranging the Convention: Fifth Dimension to discuss, build consensus and develop action plan on the upgradation of BESU to IEST(INI). I thank you very much for the invitation but unfortunately, I will miss the convention as I have already planned to visit Kolkata next month to attend the 150th celebration.

In order to keep this momentum going a concerted effort will be needed even after the convention. Therefore, I suggest that at the convention you form a small active group comprising of members from the students, teachers, staff and alumni bodies as well as BESU well wishers for ongoing co-ordination and follow-up action until such time the desired goal for the betterment of our Alma Mater is achieved. You have our full support.

Good luck and with Season's Greetings

Yours sincerely,

Arun K. Ghosh, BE (Met.E.1961), MS, P. Eng.
