DATE: 27.9.2006

The Vice Chancellor  
BESU, Shibpur  
Howrah - 711103

Respected Sir:

On behalf of the entire student community, I am pleased to inform you that the students of this premier institute are all united in favour of the proposed conversion of this institute to IEST, an INI. We have gone through the various reports on this issue and are fully aware of the recent developments. We are extremely concerned for the delay by the State Government in stating their position about the proposed conversion as recommended by the Anandkrishnan committee. We truly believe that if BESU loses this opportunity it might not be getting the same in next 50 years. So it is a situation - now or never. We, the students are desperate to see this institute getting its well deserving status as an INI.

We are quite concerned about the pathetic incidents that occurred inside the campus. I can assure you, Sir, this kind of incidents will not re-occur in the campus which could harm its prospect to be an INI. We will solve all our pending problems shortly and separately from the main issue of concern.

We, therefore, are planning to arrange a convention on 12 October involving our alumni, faculty members, administrators and staff members. They will express their opinion and views on this issue at that forum. It will be an arena for a free and fare discussion on all the major topics of concern.

We will highly appreciate, if you please grant us the permission to organize it.

Thanks and best regards,

*Soumya S. Hati*

Soumya Souvik Hati  
General Secretary, BECSU
