1) An Appeal from Lt. Col Anjan Ghosh, Dean, Students, BESU Shibpur

I met Sri Chandan Malakar , 4<sup>th</sup> year Mechanical, yesterday and came to know about the following details:

Sri Chandan Malakar belongs to Darbhanga, Bihar. About a month back, Chandan's mother went for a check up at Darbhanga, Bihar (native place) and from the CT Scan report it was found that she is having 'Liver Cancer'. She reported to AIIMS Delhi for further check up and they recommended 'Chemotherapy'. But it was also diagnosed that she was having high level of 'bilirubin' which needs to be neutralized first. Necessary treatment started at Delhi and now the level of 'bilirubin' has gone down. Now she has to undergo 'Chemotherapy' treatment every after 21 days and needs total of six ' Chemotherapy'. Each 'Chemotherapy' will cost Rs-35000/- and a thus Rs-210000/- will be required. So far Chandan has spent Rs-24000/- which has been raised by his friends from different Hostels. I have seen the medical papers and the student needs further help.

The father of Chandan is a poor farmer. The student is good in his studies and getting maintenance scholarship from our University. It will be nice if you can help the family. In the mean time, I am also trying to raise further amount to help the student.

Some additional details are also attached herewith for your perusal.

Yours sincerely,

Lt.Col. A.K.Ghosh (1976 ETC), Dean, Student ( PICSA)

2) Details of Smt. ANITA DEV (Mother of Chandan Malakar,4<sup>th</sup> year,Mech. Engg.)

A	Name of Person	Smt. ANITA DEVI (Age - 44) ( Mother of Chandan Malakar,4 <sup>th</sup> year ,Mechanical Engg)
