SUBJECT: REQUEST FOR PROVIDING MONITARY HELP FOR MEDICAL
TREATMENT.

Respected Sir,

I am Rupak Das and I am an ex-student of BESUS. I completed my post graduation from this college in CIVIL engineering (specialization: Structural Engineering).I have passed out in year 2009.Now I am working as a part time lecturer in NIT,AGARTALA. I am seriously injured as I became a victim of a road accident that took place in Agartala recently. The right side of my body including right eye has been seriously injured. In addition to this my nerve system is also not working properly. Now I am admitted in Kothari hospital, Alipore, West Bengal.

Sir, my father has expired and I was the only source of income for my family. The economic condition of our family is very bad, and my operation requires approximately Rs. 4 lakhs. It is not possible for me to gather the required money.

So, I humbly request you to kindly consider the matter and help me so that I may go on for the treatment .I shall be grateful to you.

Thanking you in anticipation,

Yours faithfully

Rupak Das (ME in CE, 2009)
